Introduction

Golf just got crazy!

Crazy Golf lets you play the game like never before - on mini courses filled with hazards and obstacles that will test your putting skills to the limit. The custom physics system allows your ball to ricochet, bounce and bobble with stunning realism.

The game is set in three unique environments; underwater, up in the sky, and finally in outer space. The aim of the game is to win all the trophies. To succeed you will need to become a great Crazy Golfer, and beat the target scores throughout the game. Only the very greatest players will be able to win all the Gold Trophies.

Game Modes

Career Mode
Play through the game, from course one, trying to achieve a par score or better on as many holes as you can.

If you achieve 14 pars on a course, you will open up the next course. Not only that, but with scores of 14 and above you will be awarded with trophies:

- 14 Pars = Bronze Trophy (and unlocks next level)
- 16 Pars = Silver Trophy
- 18 Pars = Gold Trophy

Tournament Mode
Play any unlocked course and try to beat the target par for that whole course to achieve Bronze Grade. In tournament mode your score is based on the total number of shots on all holes. Trophies are awarded for the following achievements:

- Par = Bronze Trophy
- 4 Under Par = Silver Trophy
- 8 Under Par = Gold Trophy

This mode is unforgiving - if you have one or two disastrous holes, it could ruin your round!

You can save your progress after each hole in Career and Tournament mode.

Playing Tips

Want to become a Crazy Golf master? The following tips might help!

- Hitting the ball at full power isn't always the best way to get to the end.
- Look out for short cuts! Sometimes humps can help you jump over sections of the course.
- Sometimes you need to hit the ball away from the hole to get a better shot at it.
- Use the camera modes to check out the shape of the course.
- Moving objects aren't always a hazard - sometimes they can help you too..
